Born, to the wife of Hen Baugh, a 10-pound boy.

L. S. Warfield sold to C. M. Young a cow and calf for \$40.

Farmers are about through with their corn and hay, but are busy with their tobacco.

## CHURCH MATTERS.

The protracted meeting will begin at Turnersville the 4th Sunday.

The meeting that was conducted by Rev. M. C. Kurfess, of Louisville, at the Church of Christ on Lancaster street closed Sunday night with three uniting with the church. The services were all well attended and much interest was manifested in them.

The meeting at the Bethany Christian church in Jessamine county closed with 76 additions, 62 by confession and 14 from other churches. Sunday morning there were 145 in the Sunday school. A class of 25 young men was organized, with John Johnson president and Frank Halfhill as secretary and treasurer.

The will of Theodore Harris, which was probated in Louisville provided liberal bequests to the Baptist Church and Baptist educational institutions and an income to his five children of \$150 a month each. To every orphan asylum in Louisville he bequeathed \$50. The value of the estate is estimated at \$500,000.

The devil was making up the forms. The paper was late and the boy got the galleys mixed. The first part of the obituary notice of a pecunious citizen had been dumped in the form and the next handful of type came off the galley describing a recent fire. It read like this: "The pall-bearers lowered the body into the grave and it was consigned to the flames. There were few, if any regrets, for the old wreck has been an eyesore to the town for years. Of course there was individual loss, but that was fully covered by insurance." The widow thinks the editor wrote the obituary that way because the lamented partner of her joys owed him five years' subscription."—Exchange.

## IN NEIGHBORING COUNTIES.

Heavy rains in the Perryville section of Boyle county did considerable damage.

## The Tightwad.

That I am close, some people say;  
But they are wrong.  
My instincts to give coin away  
Are very strong.  
In kindness excelled by none,  
I simply pant  
To go and lavish wealth upon  
The mendicant.  
I'd give away my entire biz,  
Deplete my roll.  
The only thing that saves me is  
My self-control.

The mob spirit among the striking dock laborers, which resulted in a pitched battle with the police was effectually broken by the presence on the streets of Fort William, Ont., of an armed force. All the rigors of martial law are being observed.

Taking advantage of a heavy fog which enshrouded the Ohio River, the Pressed Steel Car Company landed about 400 new men at McKees Rocks, Pa., whom they succeeded in getting into the plant before the strikers' pickets were aware of the move.

All the vessels of the Spanish navy have received orders to concentrate at Melilla, where a Spanish force of some 38,000, under Gen. Marina, is threatened by a strong gathering of Moors, who resent Spain's punitive expedition for the murder by the Moors of eight Spanish laborers.

Miles Anglen, lineman for the East Tennessee Telephone Company, came in contact with a live wire while descending a telephone pole at Franklin and fell to the sidewalk, a distance of about 25 feet. His right leg was broken by the fall, while his neck and back were burned by the wire. He is not expected to recover.

The old Courthouse at Washington, Mason county, was struck by lightning and completely destroyed by fire. The building was one of the county's oldest landmarks, having been built in 1794 by Louis Craig, a pioneer Baptist preacher. It was built of limestone, and was the scene of many a historic occasion in the early days of Kentucky.

Kentucky's new \$2,000,000 Capitol at Frankfort is about ready for the State officers, and in fact some of them have already moved in. The Capitol has been four years in building, and we are assured that "it is a credit to the Commonwealth." It is fair to assume from this that the work has been honestly performed, and that there is to be no afterglow of great revelations, such as appeared in Harrisburg to shame the State of Pennsylvania.

By actual bank count at the vaults of the Farmers' National Bank at Pittsburgh, it was found that Peter Leibach, an aged German hermit, who was arrested for his queer actions, had hoarded in his shanty home in small change \$13,168, not including 56 bags of uncounted coins or bank deposits in eight North Side saving institutions. It is thought that before the search is ended Leibach's fortune will total over \$50,000.

The longest pipe in the world is that which extends from the Oklahoma oil wells to New York harbor. At the present time the oil field of Oklahoma is the most active in the United States. It is not likely that the line will be put to immediate use for conveying oil over the whole distance. The completion of the system is regarded rather as a provision for emergency, and to meet the future conditions, when the Pennsylvania and West Virginia fields shall have been depleted.

All persons are recommended to take Foley's Kidney Remedy for backache, rheumatism and kidney and bladder trouble. It will quickly correct urinary irregularities, which, if neglected, may develop into a serious illness. It will restore health and strength. Sold by New Stanford Drug Co.

Haskell and five other Oklahomans, charged with conspiracy to defraud in the Muskogee town lot cases, will be filed in the United States district court at Muskogee. The two adult Bible Classes of the Christian church will meet at 5 P. M., Tuesday with Mrs. Sandy Carpenter at the college building. Every member is urged to be present.

The congregation at the Christian Sunday morning was highly pleased by the beautifully rendered solo, "No Night There," by Mrs. R. J. Lyles, of Nashville. Her voice is rich and sweet and attracts where ever heard.

C. C. Carpenter and Jerry Briscoe were among those "touched" by pickpockets in the crowd at Lexington. L. W. McWhorter has resigned as supervisor of lower end of green river road. His good judgment in road work was not exceeded by any in the county and his retiring will be quite a loss to the county.

## Here and There.

The Frankfort City Council is considering the proposition of abolishing the office of City Marshal.

Hamilton, superintendent of the Anti-saloon League, has just made a thorough investigation of the saloon and its environments and will begin a campaign at once to oust it. The property on which the saloon is situated is owned by Col. A. M. Shook, and was leased for grazing purposes only. He is said to have authorized ejection proceedings.

ATLANTIC CITY has been chosen as the place for the next meeting of the G. A. R., in August 1910. The members could not have selected a more delightful place to discuss pensions and then more pensions. In a private note from that great resort, our brother, who is enjoying its delights, says that it is the most uniquely charming place he has ever visited and that the man or woman who can afford it will miss one of the greatest events of a life time if he or she fails to go there at least one time. The city is made up of hotels and this being the height of the season every one is filled to the doors, with often a hundred thousand bathers in the surf at once. Don't you wish you could go?

THE government stopped the coinage of the Lincoln pennies because the ambitious designer cut his initials on the die, but it has no intention of recalling the 230,000,000 issued. The mintage is at Philadelphia and the work has been resumed with the initials obliterated. About 600,000 are being coined a day, but they are still in great demand as souvenirs. Perhaps if one lives long enough those with the V. D. B. on them may demand as much premium as they did at first, some selling as high as 50 cents, to those who had more cents than sense.

THE cigarette seems to be doomed, and the sooner the better. Iowa, Michigan, Minnesota, Missouri, Nebraska, Wisconsin, Indiana and Illinois have recently forbidden their sale or manufacture and other States will follow suit as soon as their Legislatures convene. The habitual cigarette smoker is good for nothing else and it is often a relief when the real coffin nails are used for him after the figurative coffin nails have rendered him a total wreck.

THE statues of George Washington and Robert E. Lee, Virginia's two most eminent men, have been placed in the Hall of Fame at Washington. The threatened refusal of the authorities to admit that of Lee did not materialize, and well it did not, for the Virginians were fully decided not to contribute to the hall unless both were admitted. The two great rebels will therefore stand side by side.

JUSTICE MILLS handed down a decision at White Plains, N. Y., declaring that Harry K. Thaw is insane. He dismissed the writ of habeas corpus under which Thaw endeavored to secure his release from Matteawan, and remanded him to the custody of the State authorities at that institution. Thaw will prosecute his appeal from a previous decision of Justice Mills, denying him a trial by jury.

AT Evansville, Ind., Mrs. Louise D. Reitz, a widow of 50 years, was married to William T. Foley, aged 21, until recently a messenger boy in the Western Union office there. By her marriage Mrs. Foley forfeits her right to a handsome estate left by her first husband. Verily, the old fool is the biggest fool of all.

A NEW JERSEY woman died from fright when a fortune teller said she would die in September. A person with such a weak mind as to believe the fakirs is better off out of this wicked world.

THAW loses out again. The judge decided that he is really insane and must be treated in the asylum to which he returns as a lunatic, not as a criminal. This moral pervert, if he is not really crazy, must have found out now that it is a pretty dangerous thing for even a millionaire to kill a man in New York. Pity it is not so everywhere.

ALABAMA'S new prohibition law prohibits a newspaper from advertising the sale of liquors under heavy penalty. The INTERIOR JOURNAL passed a prohibition law for itself in that regard long time ago and since has turned down a number of very remunerative offers from liquor dealers.

A LARGE shoe manufacturer says the price of shoes will not be changed much by the removal of the tariff on hides, as it is only on certain kinds. The labor cost and the other materials will keep the price up. The common people always catch it in the neck.

THE Georgia Legislature has passed a law to tax a male dog \$1 and a female \$2. The State treasury is short and needs the money. It is well, therefore, that worthless curs be used to help raise it.

THERE were four suicides and a double tragedy in Philadelphia in one day last week. Evidently the Quaker City is not an attractive place.

A YOUNG woman is acting mayor of Richmond, Va., and it is dollars to doughnuts that she proves an improvement over the real mayor.

### POLITICAL.

Eli Berry, the only announced candidate, was declared the democratic nominee for Representative from the Owensboro city district.

By 23 to 10 the Alabama Senate passed the Ballard constitutional prohibition bill. The amendment is to be submitted to the people at a special election to be held within 90 days. Gov. Comer signed the bill.

At Salt Lake, Utah, former Gov. Van Sant, of Minnesota, was elected commander-in-chief of the Grand Army of the Republic. Van Sant won over Judge William A. Ketcham, of Indiana, by a vote of 587 to 156.

President Taft has named Hon. N. D. Miles, of Jessamine county, as supervisor for this Congressional district. Mr. Miles was the republican nominee for Congress four years ago and was defeated by Hon. G. G. Gilbert.

Gov. Willson has appointed John B. Atkinson, of Burlington, and Gilbert Cowan, of Louisville, delegates to the National Conservation Congress at Seattle, August 26. Mr. Atkinson will also go as the personal representative of Gov. Willson.

### This and That.

Doctor Sam P. Oldham, one of the most prominent physicians of Henry county, died suddenly of apoplexy.

Argyle N. Lett, of Memphis, shot and killed Durwood Denton at Henderson. It is charged that Denton wrote letters to Mrs. Lett.

Charges against R. S. Sharp, Internal Revenue Collector at Nashville, Tenn., have been dismissed as trivial by the Acting Secretary of the Treasury.

The date of the annual meeting of the Kentucky Jailers' Association, which was set for September 7 at Winchester, has been postponed until December 1.

Four blocks of the town of Milton, Del., a lumber and canning center, were destroyed by fire, causing a loss which will exceed \$150,000. At one time more than 100 buildings were on fire.

The Tipton, Ind., First National Bank, which was looted by the assistant cashier, has opened for business again, the stockholders having put up the amount necessary to cover all shortage.

Claude Scottow, aged 22 years, a member of a prominent family, died as the result of an accidental rifle shot through the eye, producing brain hemorrhage. His home was in Franklin county.

At Bisbee, Ariz., A. T. Hoy and William Bockholt, linotype operators of the Bisbee Daily Review, were murdered while at work, by a striking printer. Bockholt was from Covington, this State.

After a murderous attack on two keepers in the jail, at Newark, N. J., Angelo Caprio, awaiting trial on a charge of murder, was shot and killed by a third keeper, who had come to the rescue of his comrades.

The first fatality growing out of the strike at McKees Rocks, Pa., occurred when Steve Horvat, one of the strikers, was shot and killed by Major Smith, a Negro, whom a crowd of two score striking foreigners had attacked.

Too much attention to social duties and too little to class work resulted in the dropping of almost 100 young men from the ranks of the Chicago University. The freshmen of the school were hardest hit, 75 of that class being dropped.

The street car strike in Chicago has been averted by the offer to raise the wages of the men to 30 cents an hour by August 1, 1911. The North and West Side lines have agreed to the compromise and the South Side is expected to follow suit.

### To The Republicans of Lincoln County.

I am a candidate for the nomination by the republican party, for the office of sheriff of Lincoln county. I am now and have always been a consistent republican and have always worked and voted for the candidates of the republican party. I stand upon its platform and especially do I endorse its declaration in favor of local option. If given the nomination I will do all in my power to secure victory for the party at the November election.

### Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescription containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label if poisons are in your Cough Mixture." Good! Very good!! Hereafter for this very reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's label—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance that, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

NOTICE.—The order entered by the county court Aug. 9, dismissing the application for a local option election in Lincoln county, has been, by the court, set aside and an order made setting Tuesday, Aug. 24, at 10 A. M., as the time to hear and pass upon the application. The men who secured the 1,300 signatures to the petition must, at that time, be present to make the proof required by Statute or no election can be held.

SUICIDE.—Former Police Judge D. W. C. Armstrong committed suicide at Lancaster Saturday morning by shooting. He had been in bad health for some time and left a note saying his act was the result of his physical condition. He was 60 years of age, and one of the best-known men in this locality. He was found dead in his room at the Ward House by a servant. He was lying in a pool of blood with a bullet hole through his head. A revolver was grasped in one hand and a knife in the other. The revolver had been borrowed by Judge Armstrong who stated that he expected to kill a dog. He had been dead several hours when found.

SHOT.—Thursday evening about 8 o'clock while Mr. and Mrs. George A. Eubanks were sitting on the front porch of their home near Hustonville, a party of men, supposed to have been drinking, rode by and began shooting. One of the bullets struck Mrs. Eubanks in the forehead and glanced off, inflicting a painful but not dangerous wound. A diligent search was at once instituted by officers but so far all efforts have failed to apprehend the guilty parties. As neither Mr. Eubanks nor his wife have any enemies that they know of, the only conclusion they can arrive at is that the shooting was done by some one under the influence of liquor and merely shooting at random. It is sincerely hoped that the rowdies will be caught and punished to the fullest extent of the law. Life and property are unsafe when such violators of the law are allowed to run at large.

TO MAMMOTH CAVE.—August 25th on regular train. Last for the season.

\$12.65 for a three days' trip. Includes railroad fare, board at hotel, and the several routes through the cave from all stations on the Cincinnati and Knoxville divisions. Ten days' limit on tickets. See L. & N. agent.

MR. C. W. ADAMS, of Hustonville, and Rev. G. W. Mills, now of Owingsville, but formerly pastor of the Hustonville Christian church, were here Saturday getting plans and figures on buildings they propose to erect in the West End capital. It will be remembered that both gentlemen lost property in the recent fire there. Mr. Adams will erect a two-story brick house, 24x75 and will have one of the most up-to-date drug stores in this section. Rev. Mills will probably contract for a double store-room of concrete.

ABOUT 45 years ago, it happens, that while there was great family rejoicing on the waters of the Hanging Fork, in Lincoln county, Ky., at the birth of the baby who was afterwards to become the editor of this paper, at the same hour, at the mouth of Richland Creek, in Knox county, Ky., there was born W. T. Davis, the subject of this sketch. Endowed with the ordinary amount of good sense, an ambition to become a good citizen, yet somewhat handicapped by the lack of opportunity, he has taken his place along with the citizens of the mountains of Kentucky, a good type of the good citizen. He comes of Union stock, with republicanism a part of his nature. He has been a politician, an office-holder, and under most circumstances, a capable one. He is now an applicant for the position of United States District Attorney, with a fair chance of appointment. It behooves our people to begin a campaign in his behalf, regardless of politics. Let the president know that his neighbors and those who know him best, think that he is worthy and well qualified.—Charles W. Metcalf in *Pineville Sun*. Mr. Davis' wife is a sister of Messrs. W. L. and J. M. McCarty, of this place.
